SPACE.

YOU FORGOT TO
WATER YOUR
PLANT! DON'T
PLAY FOR A
ROUND

START

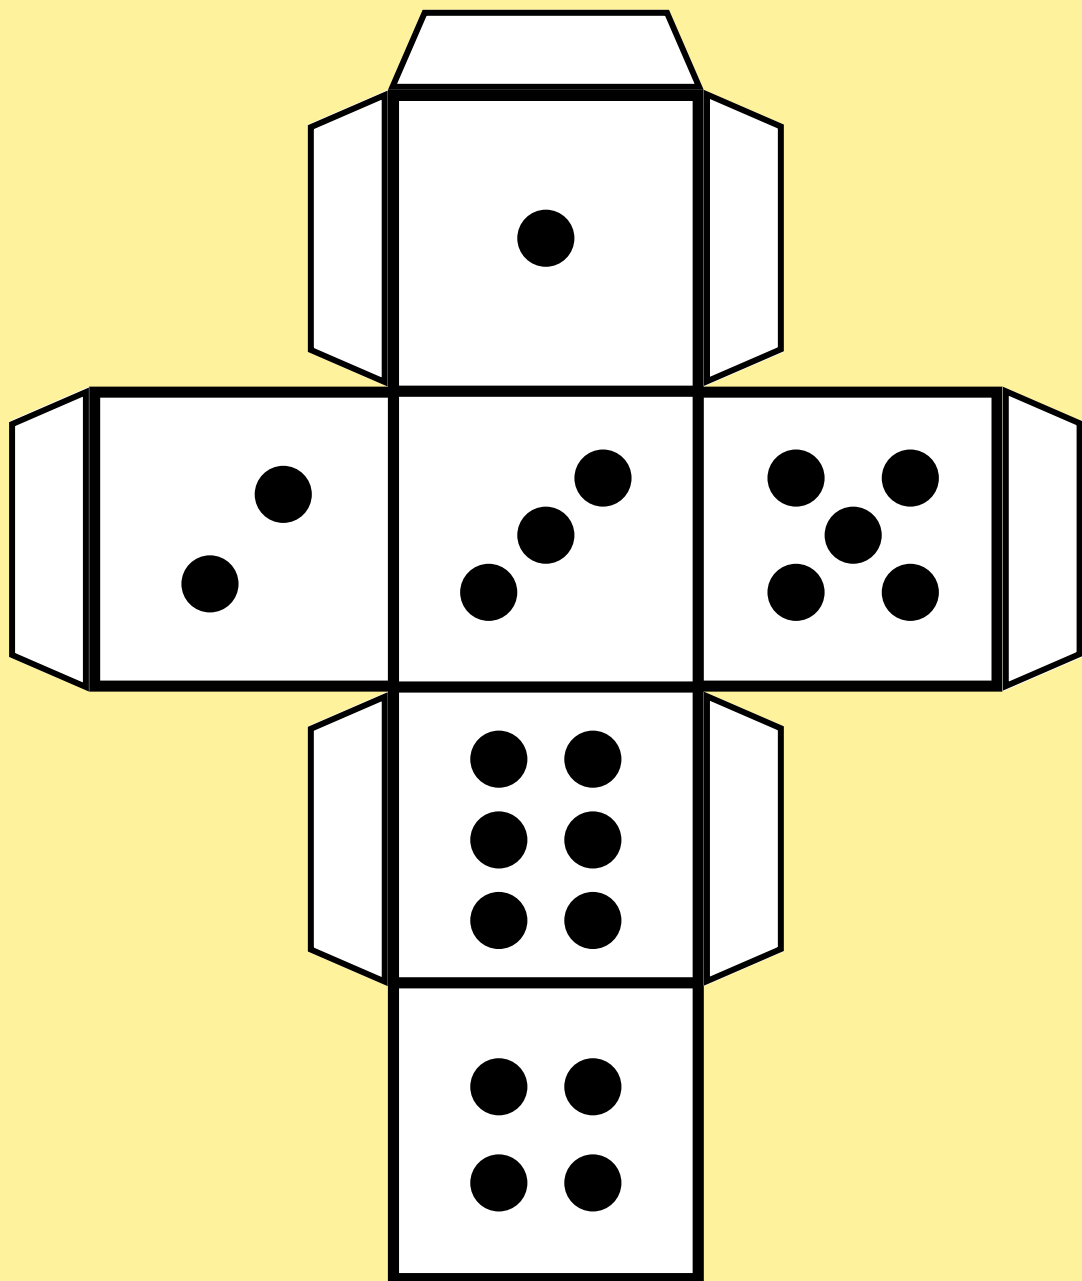

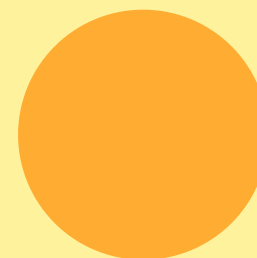

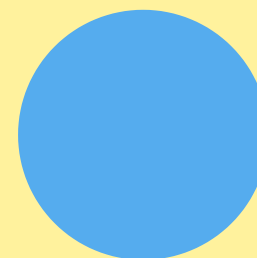

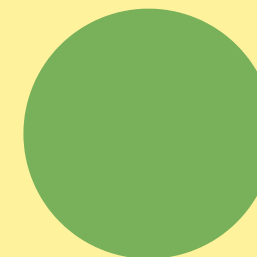

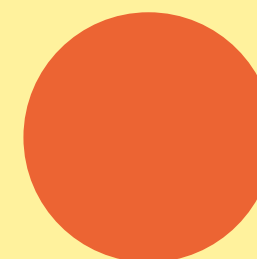

SEED GAME

SUSTAINABILITY

A BIRD ATE
YOUR SEED! GO
BACK ONE
SPACE.

END!

How to Play

2 to 4 players required

The player rolls the dice and moves the corresponding number of spaces. If the player lands on a Challenge Square, he/she must follow the instructions. The player performs the action indicated on the card (example: "Move forward 1 square" or "Play again").

Winning:

The player who reaches the end of the life cycle first (last square on the board, representing the dispersal of seeds and the formation of a new plant) is the winner! 🏆
